

Up to 3x better coverage without using extra water

Even closely stacked or larger dishes get thoroughly cleaned in the 6000 SatelliteClean® Dishwasher. The innovative spray arm provides up to 3x better spray coverage, guaranteeing corner-to-corner cleaning.

The MaxiFlex drawer accommodates different type of utensils. From multiple cutlery sets to over-sized utensils. Flexible dividers mean every load is customisable. Flatware is kept separate from larger items and added depth increases each cycle's capacity. The ultimate in efficient, convenient cleaning.

Customisable space and convenient cleaning with MaxiFlex

The MaxiFlex drawer is engineered to accommodate cutlery and utensils of many sizes, whether large or awkwardly shaped. Flexible dividers and maximised depth mean each load is customisable. Essentially every item is seamlessly loaded and cleaned in one go.

The uncomplicated way to responsible dishwashing

Responsible choices made easy. Use the QuickSelect touchscreen slider to select your preferred cycle time and the Ecometer guides you to the most sustainable program to save energy and water through visually green bars.

Dedicated protection for your delicate glasses

Glasses are often the most delicate items in your dishwasher, which means they need special care. The upper basket in this dishwasher has soft rubber spikes to support and protect glasses. The SoftSpikes stabilise your glasses and mugs efficiently, preventing them from falling over and possibly breaking.

At-a-glance check

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and effective.
