

Up to 3x better coverage without using extra water

Even closely stacked or larger dishes get thoroughly cleaned in the 6000 SatelliteClean® Dishwasher. The innovative spray arm provides up to 3x better spray coverage, guaranteeing corner-to-corner cleaning.

Product Benefits & Features

SatelliteClean®. Powerful dishwashing. Without using extra water

Even closely stacked or larger dishes receive deep cleaning with SatelliteClean®. The innovative spray arm guarantees corner-to-corner cleaning. With up to 3x better spray coverage providing stunning results across every surface.

- Capacity: 13 place settings
- Sensorlogic
- 4 temperature settings
- 7 programmes including:
- Multi-tab
- Delay start of up to 24 hours
- Time remaining indicator
- Height adjustable upper basket
- Floor beam to update you on wash status
- End of programme audible alarm

The uncomplicated way to responsible dishwashing

Responsible choices made easy. Use the QuickSelect touchscreen slider to select your preferred cycle time and the Ecometer guides you to the most sustainable program to save energy and water through visually green bars.

At-a-glance check

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and effective.

Open the door to dry dishes

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

Seamless integration

PerfectFit Sliding Hinge system makes for seamless dishwasher installation. It accomodates all niche machine heights and removes the need to cut the plinth. Fit for any modern kitchen.
