

### Introducing the daily favourite defender

Excellent performance in under an hour with the ÖKOPower programme. Optimized for your daily favourites, it thoroughly cleans a mixed load in only 59min. Efficient cleaning at lower temperatures is enabled by our unique pre-mixing technology. For outstanding care with less energy consumption.

## Product Benefits & Features

### Thorough care quicker. With the ÖKOPower programme

ÖKOPower is the daily washing programme that gives you everything you need. Wash clothes in only 59min with great results and less energy consumption. It's the ideal programme for daily use with no compromise on performance or sustainability. It's thorough care quicker.

- LogiControl™ touch display
- LED display
- 9 kg wash capacity
- 1600 spin speed RPM
- Programmes include:
  - Wool plus programme
  - Delicate programme
  - Cottons programmes
  - Synthetics programmes
- Options include:

### Precise detergent dosage. Precision care

AutoDose intelligent sensors calculate the precise amount of detergent and softener, protecting clothes from early aging caused by overdosing. Cotton clothing will resist tearing for three times longer. \*applying force on cotton washed in 30°, automatic dosing, 30 washes AEG vs.10 washes competitor.

### Next-generation laundry. With My AEG Care app

Experience customised care by connecting laundry appliances to My AEG Care app. And utilise AEG expertise from anywhere. Set tailored programmes remotely, get cycle recommendations for your garments and receive notifications when your laundry is ready. Custom laundry care at your fingertips.

### Less ironing. Clothes refreshed

These AEG washing machines use steam as a quick and easy way to refresh creased clothes so they're ready to wear. The short, gentle steam programmes safely remove odours and reduce creases in dry fabrics. Or you can finish your wash cycle with a gentle steam so clothes need little to no ironing.

### Fibre protection with the ÖKOMix technology

With ÖKOMix, every trace of detergent and softener is mixed with water, dissolving and activating completely before it even enters the drum. It's the first washing machine technology to distribute detergents and softeners completely evenly - making sure they reach, clean and care for every fibre.

Product Specification

Water cotton 60	0	Weighted energy consumption in kWh per 100 washing cycles of eco 40-60 programme (EU 2017/1369)	49
Drum volume	69	Max spin speed, rpm	1551
